PARTNERSHIP OPPORTUNITIES

The last 12 months have seen the role and expectations of those in the Security and AV industries dramatically transformed.

The swift move online and universal acceptance of the new 'remote' normal has accelerated the convergence of not only products but also wider trends within both industries.

That's why we've introduced the Convergence Conference in 2021, to help AV, Security and ICT professionals navigate emerging opportunities, ethical considerations and hear from leading futurists so that you can be at the forefront of the evolution of your industry.

PRESENTED BY

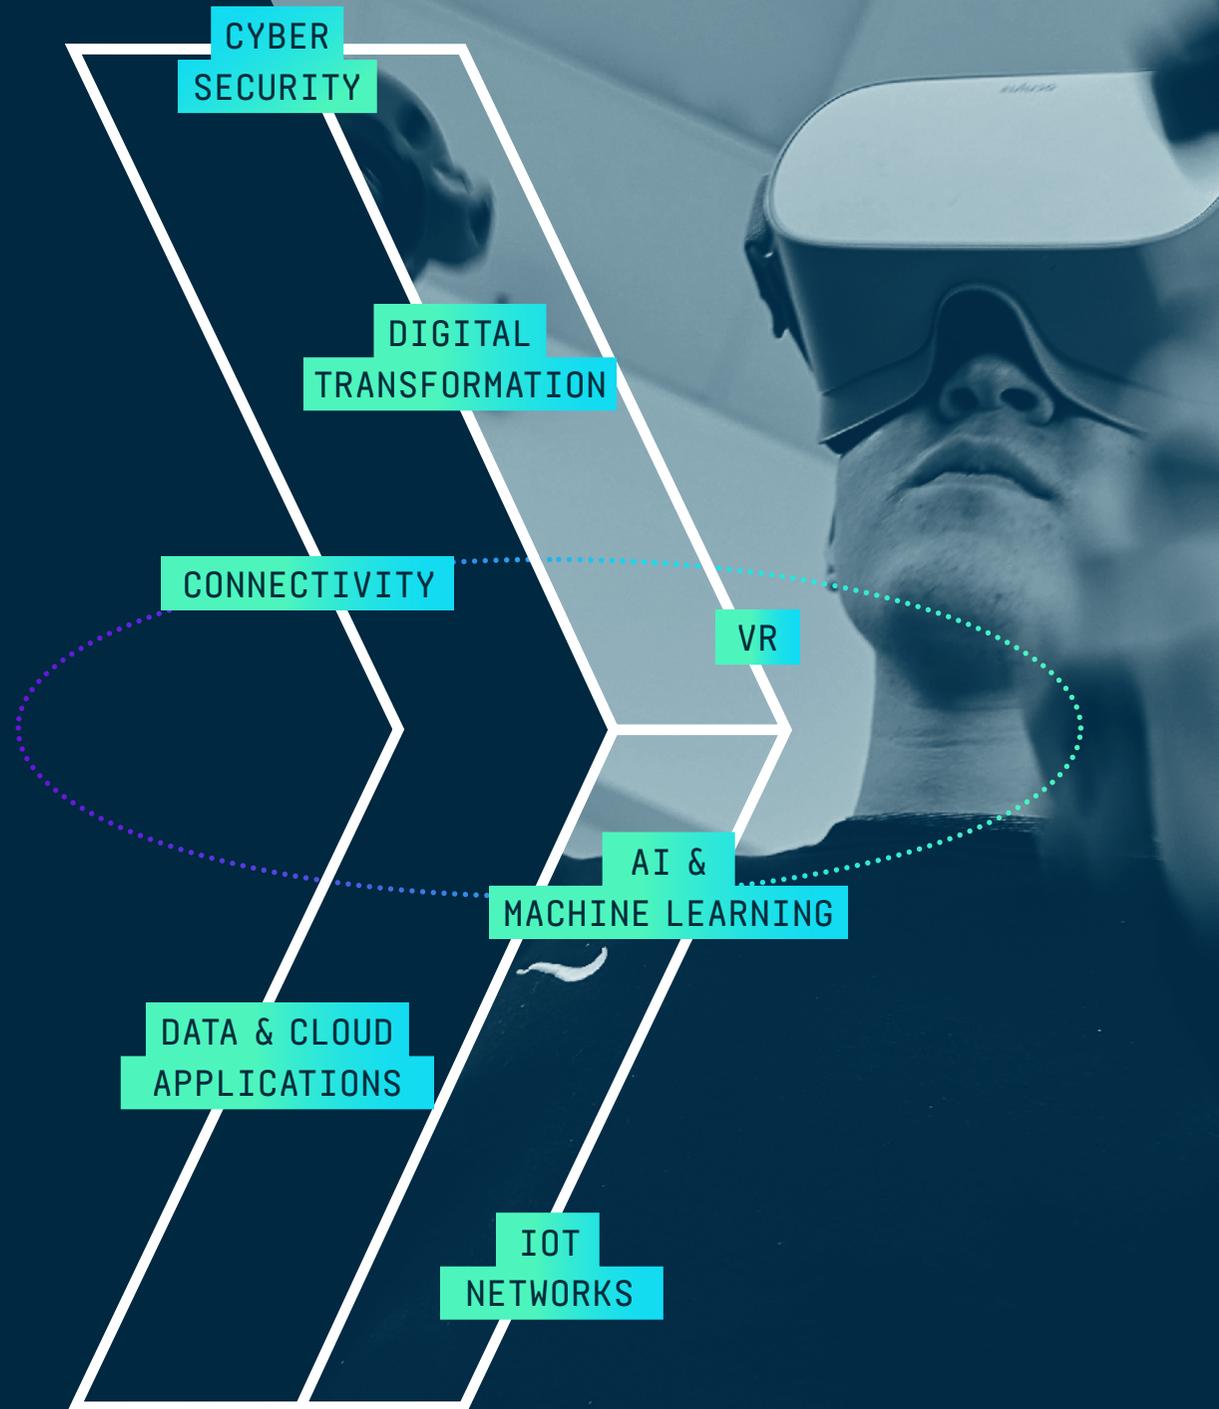

INTEGRATE

WHERE AV & SECURITY CONVERGE

For the first time, in 2021, the Security Exhibition & Conference and Integrate will combine to present Australia's leading showcase of AV and Security technology.

With increasing demand for smart solutions across both physical security and AV integration, the Convergence Conference is a unique opportunity to address the growing synergies between these two sectors.

The event will offer insights into trends and challenges as well as ethical considerations in emerging technologies including:

The Convergence Conference is a one-day event and will include keynotes from two of Australia's leading futurists and authorities on future technology, Dr Catherine Ball and Dr Catriona Wallace.

As well as providing individual addresses, our keynotes will provide their unique insights into tomorrow's technology as moderators of our expert panel discussions.

DR CATHERINE BALL

ASSOCIATE PROFESSOR,
AUSTRALIAN NATIONAL
UNIVERSITY

Associate Professor, Dr Catherine Ball is a scientific futurist, speaker, advisor, author, founder, executive producer, executive director, and company director working across global projects where emerging technologies meet humanitarian, education and environmental needs.

Catherine also likes to create businesses and champion movements, collaborate with peers, and advise game-changers.

A sought-after voice across the start-up, futurist and tech world, Catherine works globally across a wide range of projects from creating documentaries and world-leading conferences and events, to advising on the use of novel approaches (e.g. drones) across environmental and humanitarian projects.

Catherine is a proponent of community engagement with STEM (Science, Technology, Engineering, and Mathematics), and likes to demystify emerging tech.

DR CATRIONA WALLACE

CEO AND FOUNDER,
ETHICAL AI ADVISORY &
FLAMINGO AI

Dr Catriona Wallace is an entrepreneur in the Artificial Intelligence and Machine Learning fields. Catriona also has a reputation globally as a leading writer, speaker and advisor on Responsible Technology, Ethics and the Future of Work.

Dr Wallace is the CEO of Ethical AI Advisory consulting practice and she is the Founder of Flamingo AI, a Machine-Learning company with headquarters in New York and Sydney.

Having been inducted into the Royal Institution of Australia in 2019, recognising her excellence in scientific achievement and commitment to science in Australia, Dr Catriona Wallace is one of the world's most cited experts on Artificial Intelligence, Digital Transformation, Ethics in technology and Women in Leadership.

Dr Wallace has established herself as the innovative go-to expert for organizations looking to digital transformation and optimizing operations with a focus on customer and employee experience. As a result, she's the most natural authority to consult with when looking at ways to introduce emerging technologies into business.
